Wash the flags - I'm coming home
I've packed my bags - I'm coming home
Shave your head - I'm coming home
Save a place - I'm coming home
I'm coming home, I'm coming home mama
Raise the dead - I'm coming home
Hold your breath - I'm coming home
Shave your legs - I'm coming home

If it was left to me I would not wait
To show off all the saints I've saved
If it was left to me I would not shake
This feeling that you give, that you give
If it was left to me I would not wait
I saved a place in there
You won't see me hang the gate unwide
As I have done so many times
I simply shake I simply shake
I shake
Light the fires - I'm coming home
Keep the wolf from the door - I'm coming home
I've something here to cool me down [cool me down]
And theres not a single sound

You show me your face, you show me your eyes
You give me the waves, oh you give me life
You show me your arms, you show me your legs
You give me the ocean, oh don't give me the rest, the
rest
Save me, save me
Save me, save me

You show me your arms, you show me your legs
You give me the ocean, oh don't give me the rest, the
rest
You show me your face, you show me your eyes
You give me the waves, oh you give me life, oh life
Save me, save me
Save me, save me

Here comes the ocean
Here comes the ocean

Save me, save me, save me
I'm wrapped up in hope
I'm wrapped up inside
You give me the waves, oh you give me life and light
Save me, save me
Save me, save me

You've got the fire, yes, you've got the fire
