Wash the flags - I'm coming home  
I've packed my bags - I'm coming home  
Shave your head - I'm coming home  
Save a place - I'm coming home  
I'm coming home, I'm coming home mama  
Raise the dead - I'm coming home  
Hold your breath - I'm coming home  
Shave your legs - I'm coming home

If it was left to me I would not wait  
To show off all the saints I've saved  
If it was left to me I would not shake  
This feeling that you give, that you give  
If it was left to me I would not wait  
I saved a place in there  
You won't see me hang the gate unwide  
As I have done so many times  
I simply shake I simply shake  
I shake  
Light the fires - I'm coming home  
Keep the wolf from the door - I'm coming home  
I've something here to cool me down [cool me down]  
And theres not a single sound

You show me your face, you show me your eyes  
You give me the waves, oh you give me life  
You show me your arms, you show me your legs  
You give me the ocean, oh don't give me the rest, the  
rest  
Save me, save me  
Save me, save me

You show me your arms, you show me your legs  
You give me the ocean, oh don't give me the rest, the  
rest  
You show me your face, you show me your eyes  
You give me the waves, oh you give me life, oh life  
Save me, save me  
Save me, save me

Here comes the ocean  
Here comes the ocean

Save me, save me, save me  
I'm wrapped up in hope  
I'm wrapped up inside  
You give me the waves, oh you give me life and light  
Save me, save me  
Save me, save me

You've got the fire, yes, you've got the fire
