Meaningless Movements Lyrics: Andreas Kisser

Born with remorse

To a cold barren place

Battle between minds

Hungry for words of prey

Contradictory truth

Secrets in lies

Meaningless Movements

Icons review their sins

Faith cheaper than thou

Doubting your ideals

Torment shreds your brain

Fearful fantasy respects the unknown

Turning your heart red

A requiem to celebrate...You

Words I cannot understand

Shrieks in my moment of pain

Imposter hides behind a mask

My words against your lies

Turn my head

To see what I know
A shadow without form
Painted on the wall
Born with remorse
To a cold barren place
Battles between minds
Hungry for words of prey
One moment's mistake
False steps in the ground
Laws made by the blind
Ruling reign of light
Contradictory truth
Secrets in lies
Meaningless movements
