I will rock you like a baby, Lover,  
Cradled in my arms,  
I will keep you safe from danger,  
Shelter you from harm...  
There will never be another lover,  
Who treats you like I do,  
We can drift into forever,  
On a love that's made for two...  
Don't you ever say this loves not special,  
Don't you ever think its not essential...Baby...  
I was only thinking of you,  
Hoping you were thinking of me,  
Two hearts beating just like one,  
Against the world... Baby...  
I am always dreaming of you,  
Hoping you are dreaming of me,  
I could never live,  
One day without your love...  
I will kiss you like an angel, baby,  
Cradled in my wings,  
I will take you up to heaven,

Show you precious things...

If you promise that you love me,

If you promise that you care,

I will be here for you always,

And forever this I swear...

Don't you ever say this loves not special,

Don't you ever think its not essentialâ€¦!

Baby... I was only thinking of you,

Hoping you were thinking of me,

Two hearts beating just like one,

Against the world... Baby...

I am always dreaming of you,

Hoping you are dreaming of me,

I could never live one day,

Without your love...

Though you say you want a love,

But you don't think you believe it,

Just open up your heart,

And you know you will receive it...

Oh baby... Baby...

Don't you ever say this loves not special, oh

Don't you ever think its not essential...

Baby... I was only thinking of you,

Hoping you were thinking of me,

Two hearts beating just like one,

Against the world... Baby...

I was only dreaming of you,

Hoping you were dreaming of me,

I could never live one day,

Without your love
