I saw you standing alone across the crowded room

You look so fine oh baby

But I knew you wouldn't make the move

So what am I supposed to do with you

Looking but you just don't act

You gotta make your move

And it aint in the groove

Come on now baby don't hold back

So you gotta

Throw away your inhibitions

Come on and make the man's decision

Tell me now what is your ambition

Show me all the things that I've been missing

(chorus)

Do what you wanna

Say what you gotta

Be what you wanna be with me baby

Sooner or later your gonna have to

Do what you wanna do with me yeah

Out on the sidewalk

You're acting like you just come out there

Don't disappoint me baby

I know that you're concerned that you care

So you gotta

Throw away your inhibitions

Come on and make the man's decision

Tell me now what is your ambition

Show me all the things that I've been missing

(chorus)

When you gonna show me that you understand (please
baby X3)

When you gonna treat me like your a man (Please baby
X2)

Come on show ya now

(chorus X2)

Do what you wanna (Do what you wanna)

Be what you wanna (be what you wanna)

Sooner or later your gonna have to

Do what you wanna do with me yeah
