Holiday hey hey oh away hey

Now we've been workin should be playing hard

Out in the sun and the sea

Not in our own back yard

I Wanna see us in the paradise

Yeah with the heat turned up

And pour the drinks on ice

CHORUS:

What do you say? (what do you say?)

We're leaving to day e yay e yay hey

We're going on a holiday hey hey

We're gonna get away (get away)

We're going on a holiday hey hey

We're gonna row away hey

Hooked up the town where the drinks are free

Yeah there'll be a boy for you

And Two or Three for me (oh yeah)

I wanna see us staying up all night

And then sleep on the beach

Oh lessons mr right (you know it
