I saw you with the girlfriend baby

I saw you underneath the light

I wanted just to talk now baby

You seem to think i wanna fight

Stop playing with my head and baby

I'll get a chance to make this right

I need a little sunshine baby

I need a little hope in life

Baby don't you hear me when i say goodbye

Baby won't you listen cos you make me cry

Please baby, please baby let me go

I don't deserve to suffer so

So i'm trying to believe you this time

I'm trying but it don't seem fair

One minute it's the right stuff honey

Next second like i'm just not there

Baby don't you hear me when i say goodbye

Baby won't you listen cos you make me cry

Please baby, please baby let me go

I don't deserve to suffer so

Because tonight i know you're gonna beg to stay

But tomorrow you will simply walk away  
And tonight i know exactly what you'll do  
But come tomorrow i will still be just your fool  
I saw you as the future baby  
You see me as a one night stand  
But i'm sick of being part time baby  
You gotta be a full time man  
Baby don't you hear me when i say goodbye  
Baby won't you listen cos you make me cry  
Please baby, please baby let me go  
I don't deserve to suffer so  
Because tonight i know you're gonna beg to stay  
But tomorrow you will simply walk away  
And tonight i know exactly what you'll do  
But come tomorrow i will still be just your fool  
Baby when will you see that you're gonna be mine  
I'm waiting for you honey  
You will always come back it's just a matter of time  
You know you'll never leave me  
Baby i don't wanna be your fool  
Can't you see boy - i'm in love with you  
Tell me what's a girl to do  
When i only want your love  
Baby don't you hear me when i say goodbye  
Baby won't you listen cos you make me cry

Please baby, please baby let me go

I don't deserve to suffer so

Because tonight i know you're gonna beg to stay

But tomorrow you will simply walk away

And tonight i know exactly what you'll do

But come tomorrow i will still be just your fool

Because tonight i know you're gonna beg to stay

But tomorrow you will simply walk away

And tonight i know exactly what you'll do

But come tomorrow i will still be just your fool
