Every night I pray  
I'll have you here someday  
I'll count the stars tonight  
And hope with all my might

And when I close my eyes  
You'll be right by my side  
If I could only have one wish  
You'd be the girl whose lips I'd kiss  
All my only dreams

And when I close my eyes  
You'll be right by my side  
If I could have just one request  
Stay with me, girl, I confess  
All my only dreams

Any waking hour, it seems  
I only have you in my dreams

So every night I'll pray  
I'll have you here one day  
I'll count the stars tonight  
And hope with all my might

That when I close my eyes  
You'll be right by my side  
If I could have just one request  
Stay with me, girl, I confess  
All my only dreams
