#### Verse 1

When I was a child and all the world was new  
I met a little girl just as sweet as mornin' dew  
And she gave me a promise  
I hope will last forever more

I was just a country boy who had it in his mind  
To leave that country town just to see what I could find  
But I knew I'd come back  
To find the girl I loved before

#### Chorus

And love, love, love was my destination  
I traveled so far to be with you again  
And the train, train, train will leave me at the station  
Will you be there to take me by the hand

#### Verse 2

In my pocket is a letter you wrote me long ago  
'Bout how you'd always love even if I had to go  
But it's just a piece of paper  
And you were just a child  
And the picture that I have of you is all faded and  
brown  
But it's all I've got to get me back to the old hometown  
Where you'll be waiting for me  
Like you promised that you would

#### Chorus

And love, love, love was my destination  
I traveled so far to be with you again  
And the train, train, train will leave me at the station  
Will you be there to take me by the hand

( Solos )

#### Verse 3

Pulled into the depot, for ten years I've been gone  
And would I know what you like after being gone so  
long  
Then I thought I caught a glimpse

Of that long golden hair

But it was just an illusion  
Because you were no where to be found  
I was lost in the confusion  
And the train pulled out just as I turned around

Chorus 2

And love, love, love was my destination  
I traveled so far to be with you again  
And the train, train, train has left me at the station  
Left me alone to hang my head and cry  
Left me alone to hang my head and cry
