Dear diary by Jasper Erkens  
For now, there's nothing you can do  
That's why, no one knows except you  
So now, You can't say anything wrong  
Dear diary...I think my story has begun

Today, the fifth day of fall  
I said nothing at all  
But hey, I'm just waiting  
for the right time...  
Dear diary...have you noticed  
I'm talking in rhyme

And it's her...and me  
That makes me wonder  
If I'm in her diary...  
We'll see

Her face, Oh and I like her hands  
You're the only one who understands  
Today, I was waiting for a sign  
Dear diary, I think I'm in love  
For the first time

And it's her...and me  
Makes me wonder  
about her diary

And it's her...and me  
Makes me wonder  
If I'm in her diary...

I'm fed up to keep this a secret  
I'm done with pretending it's perfect  
It's over with being, so-called "best friends"

And it's her...and me  
Makes me wonder  
If I'm in her diary...  
We'll see
