Needed by Jasper Erkens

If you need me, there is no need to call  
'cause when I'm needed I'll be at your door  
Would you ask me what you want to know ?  
Do you think of me when you're alone ?  
Would you miss me when I'm gone ?

Only...If I'm needed....  
...if I'm needed...  
...Am I needed?...  
I just don't know

Would you follow me when you're behind ?  
Would you breathe me in or would you sigh ?  
Have you lost the things that I have found ?  
Does it matter or don't you mind ?  
Can you tell me what's on your mind ?

...Am I needed...  
...If I'm needed...  
...Am I needed...

Only...If I'm needed....  
...if I'm needed...  
...Am I needed...
