Damn, maybe they're all right
You won't go nowhere if your high all night
I'm on a dead end street
'Cuz I'm still gettin' rocked smokin' weed

Yeah, whatever punk try to fight this fight
I'm still suckin' down beam by the morning light
Said, "Damn baby, to the stranger next to me
If I'm gonna live the good life, I gotta keep the dream"

Lately I'm feelin' right at home
Got the means to be on my own
Man, I'm drivin' down sweet leaf road
Keep the sabbath dream alive

Man, people keep tellin' me
It's real, real cool suffering
In a go nowhere, end of the line philosophy
But why not be all you can be
I said, "Damn baby, to the stranger next to me
If I'm gonna live the good life, you gotta keep the
dream"

Lately I'm feelin' right at home
Got the means to be on my own
Man, I'm drivin' down sweet leaf road
Keep the sabbath dream alive

Yeah, when I die I'm gonna send
An invitation to you all
Yeah, when I die, there's gonna be
An electric funeral

The all night groove, the reckless mood
I can't settle down, I've seen the truth
I wanna say it like it is, I gotta keep it like it be
Ya, say I'm livin' like a kid, I think I'm livin' honestly
Ya, say I'm wastin' my time, drivin' life in cruise

But I'm the lord of this world
I'm the one who'll choose
I said, "Damn baby, to the stranger next to me

If you wanna live the good life, you gotta keep the
dream"

Lately I'm feelin' right at home
Got the means to be on my own
Man, I'm drivin' down sweet leaf road
Keep the sabbath dream alive

Yeah, when I die I'm gonna send
An invitation to you all
Yeah, when I die, there's gonna be
An electric funeral
