You got me feeling so crazy  
And I don't know what to do  
But I'm really thinking maybe  
This could really make me new  
Cause I'm ready now for Your love somehow  
Take this broken heart that's bleeding  
This need for more got me praying lord  
Would You take my life and set me free

You, You got me thinking that I could be the one  
You know all I do, You read my mind, You know my life  
And it's something that I've never done  
But I'm willing to try with all of my might  
I could be the one, the one You need  
I want You more than anything  
Yeah You got me thinking I'm the one  
I could be the one, I could be the one, the one  
I could be the

It's like I'm looking at the sunrise now  
Everything's starting over again  
Gotta break out of this shell somehow  
So I can bring this past to an end  
I want love, I want love, I need I need I need Your love  
You're all I want, You're all I need  
And I know Your love can set me free

You, You got me thinking that I could be the one  
You know all I do, You read my mind, You know my life  
And it's something that I've never done  
But I'm willing to try with all of my might  
I could be the one, the one You need  
I want You more than anything  
Yeah You got me thinking I'm the one

[ad-libs]  
I wanna be the one

You, You got me thinking that I could be the one  
You know all I do, You read my mind, You know my life  
And it's something that I've never done

But I'm willing to try with all of my might  
I could be the one, the one You need  
I want You more than anything  
Yeah You got me thinking I'm the one  
I could be the one, I could be the one, the one
