Do you want to judge me  
Or do you want to judge my art  
No, of course it's me  
You've come to try

You'd like me to be just a pretty face  
Or a grinning bete noire  
But I'm neither  
That's a problem for you

Did I notice the world's gone mad around me  
Leni at the end of time  
Who pays your bills and what do you do?  
Leni at the end of time

The world around me has always been mad  
Where have you been? Did I know people were dying?  
Do you even know people die?  
What could I have done if I did

In a world there is no luxury for this  
Leni at the end of time  
I followed my muse, I followed nothing else  
Leni at the end of time

I leave you so unsatisfied  
That I'm unrepentant and still alive  
How I will outlive you all  
And how I outclass you all

Congratulate yourselves  
On what you would have done  
But you never did, never had to try  
To think, to fight, to live, to die or what

Another charming movie actress  
A B-movie villainess  
No, thank you, I do not want it  
Talk to me when you give back your grants

Did I notice the world gone mad around me  
Leni at the end of time

I followed my muse I followed nothing else  
Leni at the end of time
