You could become very dangerous
And I, I would really like it
This could become very serious
Man it would be a laugh

And a kiss, all this
Like on the street
Where the kids yelled
What the hell are you supposed to be

At my sister
And my sister
She just smiled
As she replied

Supposed to be
I never gave it any thought
Never gave a damn
What I'm supposed to be

But if you're asking what I am
I'm a fucking walking question mark
I'm a walking fucking time bomb

Then my sister she smiled
And she turned around
And she walked away
Oh, my sister

And those kids they just stood there and stammered
And now you and I, I mean us
We're gonna live up to my sister's good example

Do you know
We know

You could become very serious
But I don't think that you'd like it
'Cause all this
It is pretty dangerous

So hey

Let's just laugh
And lets kiss
In spite of all this
