I believe in a world of endless possibility
I believe I'll have another cocktail please
Our tactics are vivid
They take a lot out of me
But that's what I signed up for son

I believe in a world of endless possibility
The queen of slaves the mistress of misdeeds
The ripped dress debutante, the stuttering fool
I believe I am going to fuck you up, oh yes i do

Oh shit
God damn
I will kill you if I can
Oh yes
Oh man

Maybe far away, or maybe real nearby
I am going to break your fucking back

Spread the tarot american and tell me what it reads
Our fathers were all soldiers
And we, we are all thieves
Our fathers were all borrowers
But the future belongs to me

The snakecharmer
The witch and the moll
The salem mistress, oh I adore
The knight of bridges
The king of stars

Bertender
oh shit
yes man
clever and dying, devil and cad
oh shit
god damn

can you keep a secret, no you can't

give me a minute of your valuable time

bartender give me one more round
and let this sink into your tiny little mind
sure as poison seeps up from the ground

we pursue a world of endless possibility
we pursue it to blow this one away
we follow the trumps or irrevocability
and we love very card we play, how we play
