I constantly swim in shame
You got in my dream
I'm gonna take your pain
...and I faint.
Is this what you want in?
Is this what you want in?

You got it!
Oh yes, you got it!

You don't know what you done
You're so cold, you're the one
And I hope you had a good time
I hope you had a good time
You can't replace me, you can't replace me
And I'm gonna wait, like you're wanting me
Is this what you want in?
Is this what you want in?
And I ain't never coming back,
So take that shit as a fact
And now you'll be calling my name
And yeah that's a shame
You're the only one to blame

Your love is so toxic,
you killed me with the first strike
Your love is so toxic,
you killed me with the first strike
And that's just what you want me to do
I'mma leave it up to you
Cause I'm dying over, over, yeah!
