Baby girl just ask me
can I come to the crib?
I was like hell no bitch
do you know my type
I'm in the club real twisted
girl I'm smoking the air
I'm getting high and lifted
'cause I don't care

I see two bad bitches
to my left and my right
puttin on all my game face
'cause I'm fuckin one tonight
I don't care bout either one
I'm getting something nice
I don't know when you're gonna stay so strong
and you'll better not say

Chorus:

You're really good girl, yeah you know you got it
will you mean that see you by the bar
have a few drinks, now you're looking faded
girl looking faded by to walk on fire
I see now what I want, I'm bout to take you home
and do that body so wrong, 'cause I'm that type of guy

Got me walk you at this club girl,
right to my car
we ain't gotta go f*ck girl
just off you blast
let me help you at the car
now you have my place
got you speaking little tongues
as I strobe me like a pace
Bout enough this walls
breaking bridges frames
hittin in my high note like for..your thing
I don't care about nothing
I'ma be your champion
give it to you low girl until you come

Chorus:

You look good girl, yeah you know you got it
will you mean that, see you by the bar
have a few drinks, now you're looking faded
girl looking faded by to walk on fire
I see now what I want, I'm bout to take you home
and do that body so wrong 'cause I'm that type of guy
