(James McCarty)  
He's Just 'round the corner  
Nobody will warn ya'  
You wont see his coming  
The way your life's a running  
As he tries to wreck you  
He's bound to affect you  
Stops your inspiration  
And all your creation

Chorus

Hey hey hey hey  
Mr. Saboteur  
You wont see him waiting  
As he quietly starts to stir  
Hey hey hey hey  
Mr. Saboteur  
He's there

He's easy to hide  
He's deep down inside  
You wont see him scheming  
Wile your quietly dreaming  
He may try to take you  
Or very slowly break you  
He'll make It all so black  
You won't get it back

Chorus

Hey hey hey hey  
Mr. Saboteur  
You wont see him waiting there  
Right behind the door  
Hey hey hey hey  
Mr. Saboteur  
He's there
