Open eyes see for me
Undisguised please help see (?)
It's enough, it's too much
No, I lost faith, I found love

Tonight I, I could lose the fight
But with you by my side
Everything will be alright.

(Oooh... oooh)

Closed my mouth, words fall out
Come and save, anekatips words and about
You can tell if somethin wrong
I've been here but I've been gone

And the skies don't seem so bright
With you by my side
Everything will be alright
