

## The Xx

### "Someone To Love, Part One"

Visit "[Someone To Love, Part One](#)" on [MotoLyrics.com](https://MotoLyrics.com)

(take 15 vocal version) (Jeff Beck / Keith Relf / Paul Samwell-Smith / Chris Dreya / Jim McCarty)

I ain't got nobody,  
I ain't got no girl.  
I ain't got no woman,  
No-one in this world.

Want you to hold me,  
Want you to love me.  
Want you to thrill me baby,  
Love me all night long.

You're like a rattlesnake,  
Layin' on the floor.  
When I turn around now,  
You're gone right out the door.

Want you to hold me,  
Want you to thrill me.  
Want you to hold me baby,  
Hold me in your arms.

I ain't got nobody,  
No-one in this world.  
I ain't got no woman,  
I ain't got no girl.

Want you to love me,  
Want you to thrill me.  
Want you to love me baby,  
Love me all night long.
