You gotta love me you gotta love me baby
You gotta love me
You gotta love me you gotta love me baby

Now baby I just want you in my life
I wanna get to know you
So come on let me be the one to mmhh
Make everything alright uhh yeah

I wish that I could give you everything
I wish that I could buy you diamond rings
I wish that I could fly around the world
Baby won't you won't you be my girl
I wish that you would let me make your dreams come
true yeah
'cause you now I do you right

Girl you gotta love me gotta understand
The only one I need
I just wanna be your man
I wanna hold you close and give you what you need
Girl you gotta love me

Everything about you is so beautiful
Your body mind and soul ohhh
You're everything I ever wanted
When I met you I lose control

I wish that I could give you everything
I wish that I could buy you diamond rings
I wish that I could fly around the world
Baby won't you won't you be my girl
I wish that you would let me make your dreams come
true yeah
