Woah woah
Yeah
Oooo
Baby
Never wanna say bye bye
And I never wanna see you cry
But there's some things in my life that I still have to
change
Baby

Baby take your time
Look into my eyes
There's nothing else that matters
Only you that matters
I know it took a while
For me to realize
There's no one else but you
Girl I swear it's true
Cause you, make everything complete (Can't go on
without you)
And you are everything I need
You know how I feel baby

Never wanna say bye bye
And I never wanna see you cry
But there's some things in my life that I still have to
change
Baby

Never wanna do you wrong
That's the reason why I sing this song
Girl you mean so much to me
I love you can't you see
I never wanna say bye bye

Girl I know I did a lot of things
To break your heart
Excuses so many things we didn't have to be a part of
(its u)
You're all I ever wanted
(It's you)

You're everything I need and it's you
Don't make my heart stop beating
Cause I, never wanna say bye bye

Never wanna say bye bye
And I never wanna see you cry
But there's some things in my life that I still have to
change
Baby
Woah woah
Neva wanna do you wrong
That's the reason why I sing this song
Girl you mean so much 2 me
I love you can't you see
I never wanna say bye bye

Come on now girl you know me
I told you I can't do the L O V E
I like you but the consistency
Of me being around I can't really see
Your the one for me your the one
Alright now Girl please can you hold on
Been committed hmm too young
You can't say bye girl this is all fun
I ain't been rude, no need for the feud
But who's now gonna cook ma soul food
Coming home from work everyday so stressed
Oh yes girl your food tastes the best
I know there's a few things the I need to change
But you leaving me nah that's too strange
Yo you know in ya mind slow down it takes time

Neva wanna say bye bye

Never wanna say bye bye
And I never wanna see you cry
But there's some things in my life that I still have to
change
Baby
