Jay MF .. Jay MF

Every night and day, I've been waiting for you to call  
Always ask my friends if I need you at all (At all ..)  
And you know you are, tell me what is up?  
What's your game? (Oh yeah)  
Players all around, tell me if you're down with me  
(we're meant to be so happy)

You can't see me  
I'm an undercover man  
Waiting for a girl to come  
I'm gonna break you off  
You can't see me  
You can't see what I can see  
(They say love is blind so you can't see me)

You're always on the phone telling me you're alone  
(Alone)  
And I only wanna see if I should leave you alone  
(Should leave you alone)  
What's your name and your number?  
Players all around, tell me if you're down with me

You can't see me  
I'm an undercover man  
Waiting for a girl to come  
I'm gonna break you off  
You can't see me  
You can't see what I can see  
You can't see what I can see

To my P.I, P.I, shake hands, shake hands  
Hand feel the deep fries  
All between the thighs  
Light green eyes of the hinges  
And loose the lips that way  
But now that I think about it  
It might have been contact lenses  
I just tried to do the triple bean  
In my ..

You can't see me girl  
I would give you a dozen roses  
Take you out around the town  
Every night

You can't see me (You can't see)  
I'm an undercover man  
Waiting for a girl to come  
I'm gonna break you off  
You can't see me  
You can't see what I can see  
You can't see what I can see  
[repeated till fade]
