[Verse:1]

Through my head,I see your face,It makes me want to  
get you away.

In my sleep ,you infect my dreams,punch me back to  
reality.

Cause I'm so sick of waitin',My health is fadin',Love's  
overrated[Whats the hype all about?]

This weak in condition[?]Total submission,From head  
to toe.

It's so deep within,Where do I begin,To flush you outta'  
my system.

Im feelin' the pain,It just wont go away.

I really need a remedy.

[Chorus]

I need, I need ,a break, a break from you.

Detox,Look what you do.

I need to get so far,so far from you .

Detox.I need,I need a cureee,from you  
(ooh ooh)

[Verse:2]

Day to day stay in pain[?]

At night I'm always awake,My stomache hurts my hand  
shakes,It's all in my veins.

And now I'm all out,And so your all out(ooh)

Get out !

It's so deep within,Where do I begin,To flush you outta'  
my system.(yeah)

I'm feelin' the pain,It just won't go away,I need a  
remedy.(yeah)

[Chorus]

I need, I need ,a break, a break from you.

Detox,Look what you do.

I need to get so far,so far from you .

Detox.I need,I need a cureee,from you.

[Verse:3]

This kills me to say,But there's no other way to get  
away.

You love is quickly spreadin' inside of me,Rearrange  
my chemistry,One dose got me.And I need -

[Chorus x3]

I need, I need ,a break, a break from you.

Detox,Look what you do.(ooh)

I need to get so far,so far from you .

Detox.I need,I need a cureee,

From you.
