Verse 1:

There's no denyin' I've been cryin', yeah, without her  
Somebody help me please, I can't forget about her

I've got a one track mind  
Maybe I'm a stubborn fool  
Somebody please  
Tell me what to do [4: Waaaaahhh!]

Verse 2:

Don't try to tell me some girl will be taking her place  
I close my eyes and all I visualize is her face

Chorus 2:

I've got a one-track mind  
I won't believe that girl is gone  
Somebody please  
Tell me I'm not wrong

Bridge:

I can see her by my side  
But the more I stare  
Makes me want to run and hide  
When I find she's not there

[repeat chorus 2]

[repeat verse 1]

[repeat chorus 1]

Coda:

I got a one track mind  
One track mind
