[Knightowl]

Fuck the...valley sheriffs that be harrasing  
They can eat the dick fuck the pigs I'm still laughing  
...why you following?  
I know you are jealous because you see what I be  
driving in  
You can't afford one is that why you be stopping me?  
Officer pig is mad because he don't have a car like me  
You pulled me over the other day gave me a ticket  
I told your ass -up your culo fucking stick it-  
You don't like the shit, punk, that I be doing  
Is that the reason that you always be pursuing?  
Trying to make me act a fool so you can bust me  
And if you had the chance I knew you fucking dust me  
But fuck you once again I got to tell you  
I know that you is around motherfucker I can smell you  
Smells like bacon you don't serve the county quit the  
faking  
You are just mad at all the money I be raking

[Chorus: repeat 2X]

I know that you be following me  
Mr. Policeman, but you ain't got nothing on me  
You talk a lot of shit about me  
And you're getting mad, because you know you can't  
fuck with me

[Kokane]

Every time that I ride one time try to fuck with mine  
They want to know the face behind the microphone  
S.D.P.D. don't like me  
When they roll by me they slow down and get behind  
me  
Fuck'em! I don't let them interrupt when I puff  
Hand cuffs don't..  
Fuck your jail cell bitch I'm not on bail you know  
How we does it in the Westside 2 3 2 0  
So you roll Mr. Officer  
Stop hating in this shit you are trying to offer us

I'm not taking you are mistaking me for someone else  
For protecting and serving pig protect yourself  
I can't help the way I live bitch is giving in yours  
What I do is my business behind closed doors  
You roll in patrol with a gun and a badge  
Take it off and come to walk town with your scanless  
ass

[Chorus]

[Knightowl]

Leave me alone bitch I know you want to cuff me  
Throw away the gear in a body bag stuff me  
You talk a lot of shit Mr. Puerco  
I know you love it if you was to see me muerto  
But, that's not about to happen  
Why you hating motherfucker because I'm rapping?  
I know that I make a lot more than you do  
Why you be so evil do you practice voodoo?  
It doesn't matter, your brain I still splatter  
Send your fucking head to the department in a platter  
You is a bitch motherfucker you be phony  
Skinny as a kid, no nuts you was bony  
But now you have got a badge so you walk around  
tough  
I know a Mister Owl you would like to put the cuff, but  
I got to say once again eat a dick  
You ain't nothing but a bitch you stupid ass pig

[Chorus] - 2X
