Ridin dirty on 85,

Now the wind blows as im on 85, and shiftin good,
with a six pack of that colt 45 just like i should,
and if i could i will i might get blowed tonight,
if things go right im gonna cut this ho tonight,
so i get a call from this broad when the game she aint
ready
but still in D's she on her knees keepin things steady,
like betty crocker the face doctor,
she says she swallows with passion, so now she

lagging behind with questions she now be askin,
so time is passin, now im mashin, on I'm gone livin in a

(Chorus)x2

Shiit, im lookin for anything with a cut em' up like

but these hoes will get on your nerves, fuck all that,
kickin them to the curb(curb)
your like an intolerance you let the ho swallow it,
get off in your impala, and stab out to a cajun rat

house,
to the jamaican cat house, to the college frat house
witha girl you just madhoused,
that rat house and get you some scuds she aint your
girl, skeet skeet,

pearl,
dont dont be giving no gifts boy, on the first date on
the worst date,
im goin all the way on the first plate, like hail mary's
and field goals,
i think i was put here to drill hoes, for real though,
while you blowing my boy im off in your purse, im
gettin my gas money,
then im back off on the expressway in up out this burst,

(Chorus)x2

Man this shit gettin crazy, this girl wants to face me,
met her under that weed told me that her name was

its a long ass way, im from the 20 side of things,
she said it was dead serious hot, like some lighter
flames,
so you know how it go, im the nigga she da ho, she told
