Love is but a song we sing  
fears' the way we die  
You can make the mountains ring  
or make the angels cry

Though the bird is on the wing  
and you may not know why

\*Come on people now  
smile on your brother  
everybody get together  
and try to love one another right now

Some may come and some may go  
He will surely pass  
When the one that left us here  
returns for us at last  
We are but a moment's sunlight  
fading in the grass

\*Come on people now  
smile on your brother  
everybody get together  
try to love one another right now

\*Come on people now  
smile on your brother  
everybody get together  
try to love one another right now

\*Come on people now  
smile on your brother  
everybody get together  
try to love one another right now

If you hear the song I sing  
you will understand...listen  
You hold the key to love and fear  
all in your trembling hand  
Just one key unlocks them both  
Its there at your command

\*Come on people now  
smile on your brother  
Everybody get together  
try to love one another right now

\*Come on people now  
smile on your brother  
Everybody get together  
try to love one another right now

I said.....

\*Come on people now  
smile on your brother  
Everybody get together  
try to love one another right now  
right now  
right now
