Where Do You Think You're Going

by Koo Koo Boy

lyrics and music by Scott Coblio

Where do you think you're going

After all these years?

Did you think you were really gonna

leave me all alone here

Well you better think twice 'cause

I was gonna spend my life with you

Tell me what's wrong

Tell me why you're leaving

'Cause I wanna know

Was it something I said

Or something I did a long time ago

I was telling the truth when I told you that I loved you

And you know it's true

So you better think twice

Cause I was gonna spend my life with you

Where do you think you're going

After all these years?

Did you think you were really gonna

Leave me all alone here

Well you better think twice 'cause

I wasn't planning on planning on losing you

Ooh you better think twice 'cause

I was gonna spend my life with you

What is her name
