You shot it away The dangerous missile of yours Launched as a flirt And I am the target

You sure made a hit I'm shocked by the blastwave it caused

This wonderful combat My resistance has resigned This wonderful combat Will this battle make you mine? Lovely strategy

You are a robot You're orogrammed to wipe me out Spread your mines Take care of wherever I go

If I don't compute Your impact will make me explode It's emergency

This wonderful combat My resistance has resigned This wonderful combat Will this battle make you mine? Lovely strategy

It's emergency This wonderful combat My resistance has resigned This wonderful combat Will this battle make you mine?

This wonderful combat My resistance has resigned This wonderful combat Will this battle make you mine? Lovely strategy
