Love is but a song we sing
fears' the way we die
You can make the mountains ring
or make the angels cry

Though the bird is on the wing
and you may not know why

*Come on people now
smile on your brother
everybody get together
and try to love one another right now

Some may come and some may go
He will surely pass
When the one that left us here
returns for us at last
We are but a moment's sunlight
fading in the grass

*Come on people now
smile on your brother
everybody get together
try to love one another right now

*Come on people now
smile on your brother
everybody get together
try to love one another right now

*Come on people now
smile on your brother
everybody get together
try to love one another right now

If you hear the song I sing
you will understand...listen
You hold the key to love and fear
all in your trembling hand
Just one key unlocks them both
Its there at your command

*Come on people now
smile on your brother
Everybody get together
try to love one another right now

*Come on people now
smile on your brother
Everybody get together
try to love one another right now

I said.....

*Come on people now
smile on your brother
Everybody get together
try to love one another right now
right now
right now
