Verse one:

whenever i close my eyes
all i can see is you and i
and nothing else matters in my life
all i need is to be where you are
and when i open my eyes
everything is gone
i don't know why i'm here
or if i belong
all i know is that everything changed
and i need you in my arms again

chorus

girl, i don't know
what you want me to do
how am i supposed to live
without you in my life?
and girl i don't know what
i should do
i'm just going after you
and apologize for the
pain i caused you
girl, why don't you just
let me explain
it feels like someone
took you away
and i'm apologizing for the pain i caused you
girl

Verse two:

I open this box and all i see
are old pictures of you and me
couple months ago
this very same day
i remember things used to be okay
you always supported what i wanted to be
i feel real stupid that i didn't see
you were really just hiding your own pain

i would give up anything
to start again
yeah.... yeah...

chorus:

girl, i don't know
what you want me to do
how am i supposed to live
without you in my life?
and girl i don't know what
i should do
i'm just going after you
and apologize for the
pain i caused you
girl, why don't you just
let me explain
it feels like someone
took you away
and i'm apologizing for the pain i caused you
girl

verse three:

whenever i think of you
i remember all the things that we used to do
and now i'm thinking this was meant to be
but i still think
that you should be
here with me

chorus:

girl, i don't know
what you want me to do
how am i supposed to live
without you in my life?
and girl i don't know what
i should do
i'm just going after you
and apologize for the
pain i caused you
girl, why don't you just
let me explain
it feels like someone
took you away
and i'm apologizing for the pain i caused you
