Changed our names, used our hands
We found options that were better than a man
Radical surgery, prosthetic sex
We built this world and we are asking your best

Group, group work and gay power
What's the path to chose now is the hour
Women's land, dirty command
Life ideas run deep in woman

Unemployed itinerant life no existence without strife
Proposition for new practice, written rights hand slaps
and man piss
Money, money, money, class, voluntary booby trap
money money money crash, feminist art hits the glass

Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
I Feel So free

Sky and earth earth appear to meet meet
On which horizon do we plan a retreat
On our way way stop and frisk
government asks are you a fucking risk

On the corner we got booked, papers say it's because
of the look
Running around stop to harrass, instead of fighting
fingers in ass
Money, money money class voluntary booby trap
Money, money, money crash, feminist art hits the glass

Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
I Feel So free

Who how what why

Who how what why
I feel so free I could never die
Who how what why
I feel so free I could never die

Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
I Feel So free

Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
Who am I to feel so free, who am I?
Who am I to feel so free
