[Nancy Des Rose]

Gold drops falling down from my fingertips Tears of platinum and white gold drops of, sadness Stopping the madness with the, pen in my hand I've got to, fight the hardness pressin against the tender softness of my, actions, jewels falling down from my mind Bonded to the paper like, coal on the pavement Creating impressions like, concrete handprints in your chest I won't rest 'til I attest to the true test Political serial killers tryin to sabotage my talent, with such violence Ideals that are beyond this realm of, physical reality I catapult my, energies like a remedy to all who seek my identity Straight from the heart, I play my part as a, golden lady from Haiti Praying daily to combat the crazy who try to keep us, lazy Maybe we can all see and someday try to fly mentally from this, insanity Uhh, steadily building and it's from my fingertips

[Keith] Fingertips

[Chorus: Nancy Des Rose] Super positivity Here to rescue you Super positivityyyyyyyy Always there for you Super positivityyyy

[Kool Keith] I hit the lick to design on, shine on Y'all clap already, bring the wine on For the everlasting bracket month to month Year to year rinse out the cold like all temperature Cheer

All temperature appear to make you sweat on regret Dance steps, dance reps, got the single, the CD next Rated RBX, pump the tape in the Cadillac, bouncin altitudes with interludes You front, you lose, musical notes we choose Whether you ride around or cruise

[Chorus: Nancy Des Rose] Super positivity Here to set you free (set you free) Super positivityyyyyyyy Here to rescue you, you, you Always there when you're alone Positivi-tyyyyyyyyyyyy?

[Nancy Des Rose]

Distant principalities coexisting in a fraction of time The destructured civilization of mindframe set by disillusioned functions to eradicate the values of, traditional systems No more distraction, just plain extraction of entities here to, remove me from my, present realities Tuning onto, objective sectors, predestined outcomes Time for, conversion, multiply brain power and knowledge four Equal success no time to dress or, stress Time to stay above the trends and, goals There's great power out there...

Super positivi-TYYYYYYYYYYYYY Always here, for you (for you) Positive
