"This... is Libra. The Librans, are humanitarians. They can do just about anything. They're compatible mates to us."

[Kool Keith]

Release your best lyrics, let me see you stick and stack  
Throughout the cookie crew, you can't drop a verse  
that's good  
You ain't better than Frick and Frack  
You could stand around and watch the bomb go off  
Your backpacks down to your buttcrack  
The sharp needle attack the feeble  
Have you in total shock, starin at the wrapped up  
material  
Like Indian people, lookin like chicks with uneven  
suntans  
Walkin off the beach in Rio

[Chorus]

Women love the vocals, they can't see me, treat me  
like Theo  
Redbones, come spanish, dark-skinned and creole  
Every summer Libra she's Le-ohhhhhhh

[Kool Keith]

I drop the gift, my urine hit your LeCroix shirt  
Bounce off your standard Smiths  
Serena serve you Chester mints  
You goin in the vocal booth is high risk  
To record butter soft words on a light disc  
Bad foul shot shooter you gonna turn back to the team  
and scream "I MISSED~!"  
With form like Dwayne Wade, I still put you down  
With five of your best men (hehehehehe)

[Chorus]

[Kool Keith]

Yeah! Takin a risk  
Everybody shoulda warned you carefully about the  
Temple of Piss

The best box to chose when you chessbox  
I don't care if you baseball cap, buttoned down suits  
with dress socks  
Ten thousand pound throw electric bodyguards  
Though I roll with a crew, that breast oxes  
The talk, the vanishing like the soul food  
Front your powers fresh down, come down  
I come back and rush down  
You can move with the Henny a lot and get silly and  
bring thus down  
Gain confidence from somewhere and put they only  
hope and trust down  
I say go 'head prove to me, you must CLOWN~!  
Make your first mistake, missin a pop fly  
Right around your antenna now you got Popeye  
Lock eye, your girl got cock-eye!!
