[unknown poet speaking]

Tan photos depict smiling faces

Births, parties, holidays (HAPPY BIRTHDAY~!)

Children's birthday pics

People take pictures of the happy moments in their
lives

Someone looking through our photo albums
would conclude that we had led a joyous leisurely
existence

Free of tragedy

No one ever takes a photograph, of something they
want to forget

According to the Oxford English Dictionary

The word snapshot, was first used in 1808

by an English sportsman by the name of Sir Andrew
Hawke

He noted in his diary almost every bird he shot that day
was taken by snapshot, not a hurried shot

Taken with a deliberate aim, a snapshot then
was originally a hunting term
