Lay in your bed alone.
Give me a decent goodbye.
I could walk away from you,
But I could also easily die.
You've got your life,
Your family and friends.
I've got mine,
Where everything always depends.

How loud must I sing?
How long must I wait?
Me and you,
It has to be fate.

I wander in the streets,
I wonder awake at night,
If I had to, wanted to,
Get my words just right.
When I learn to spit them out,
You'll be the first to know, I swear,
For you, I'll always,
Always be there.

Listen very closely darling.
I can no longer wait,
Me and you,
It has to be fate.

For the brightest soul,
To the prettiest heart,
To the heartfelt smile,
I love you.
For the brightest soul,
To the prettiest heart,
To the heartfelt smile,
I love you.
For the brightest soul,
To the prettiest heart,
To the heartfelt smile,
I love you.
I love you.
