(Smoov-E)

But see they all the same

Girls use panties

Hoes wear strings

Some use nothin, but see they all the same

Hoes use G-strings, girls wear panties

Some wear nothin and lie to they family

See playas like me, smoke the weed

And get high, so saucily

Playas like Who? Don't talk playas that do

Who know how to work the draws

Right off you

She had large backseats, pearl white teeth

She told me it was cool if I felt underneath

The car had beat, situation went sour

I'm not gettin' close, and its almost been an hour

Girls use panties, pretty in pink

She took em' off and asked what do you think?

Well preferably, I like a string, but when you wear
nothin

It's all the same

I met girls who are sweet and wear mens boxers

But behind closed doors, they flirt with they doctors

She picked up my package, like UPS

Thinkin' dirty thoughts in a wedding dress

See girls wear panties and hoes use strings

And some use nothin' to me they all the same

It's like hoes use G-strings, girls wear panties

And some wear nothin, and lie to they family

He wore tight black gloves

He smoked rope in the tub

He was hard to budge when you called a grudge

Picture him in a seat, wrapped in leather

Smokin in the studio, pullin' it together

Girls still ask, what makes me tick?

What do I like? And who I hang with?

Blunt on my lip, Nikes on my feet

Hittin' the hash, rappin' with Reek

Hoes use strings, soft to the touch

And others wear panties that don't fuck too much

Some wear nothin, like a model on the run way

But gettin' dug, from Monday to Sunday
Girls get high, tore, and tangy
Get they hand in yo pocket and try to empty your bank
But Lisa, let me hold your visa
I know you got a man, I just wanna tease ya
Girls use panties
Hoes use strings
Some use nothin, but see they all the same
It's like hoes use G-strings
Girls wear panties
Some wear nothin and lie to they family
21 years young, its just begun
Catch me at the bar, see how the coke hit me with the
rum
Some girls are sweet and some girls are silky
Some got perfect ass and others fat and tacky
Some drive slow, some drive crazy
Some get (?) and tell yo lady
What's up girl? drinkin' cream soda
In a tight tennis skirt, like Kournikova
She jumped in the pages, of a magazine
I was at Texaco, pumpin gasoline
She had pulled up, slammin' \$horty the pimp
In a all white car, with an all around tint
She stopped me said I like your Calvin Klein
Said you ain't seen nothin
Till you see me rhyme
I could tell, by the change in expression
I was about to reap the benefits
Of my Profession
Girls use panties
Hoes use strings
Some use nothin but see they all the same
It's like hoes use G-strings
Girls use panties
Some wear nothin and lie to they families
