Tell you why I called on you
This is what we're going to do
Take this lovely gift of love
Sent to us from Heaven above
I said baby I think that we can help each other see (oh
yeah)
We'd make this life that we're living seem
More like it's supposed to be

Well ev'ry man should have a good woman
Ev'ry woman should have a good man
Won't you stand along beside me
Let me do the best I can
Take each other's heart in hand.

I want to sing just a little love song
I want to sing for a little while
Back up and tow the line for you
I want to be your all in all.

(Chorus)

Bless you babe, I love you so
Love from whom all blessings flow
Me to you and you to me
This is how it's going to be
I said baby we're gonna know the joy
The years can bring (oh yeah)
And every time I think about it
I just want to lift my heart and sing (on more time)

Ev'ry man should have a good woman
Ev'ry woman should have a good man
Won't you stand along beside me
Let me do the best I can
Take each other's heart in hand.

(Chorus)
