I'd like to build
A ladder right up to the sky
Then I would climb
I would climb so high
I could step right over every mile
Between you and I

To hold you in my arms would be
Eternal ecstasy
To feel your body near would be
Eternal ecstasy

Now and forever I hold you gently in my heart
But I could let you be
Can you deny
What you believe could make you blind to the things
that I can see

To hold you in my arms would be
Eternal ecstasy
To feel your body near would be
Eternal ecstasy

I would never trade a moment
For a lifelong friend
I see the sundown all alone

To hold you in my arms would be
Eternal ecstasy
To feel your body near would be
Eternal ecstasy
Ecstasy
