Verse One:

I got chased by an eagle,
When I say eagle... I mean love.
I got swooped by a dove,
When I say dove... I mean love.
I've got wings like a robin,
When I say robin... I mean love.

CHORUS:

See I feel like a ghost, maybe a shadow.
See through, and oh so hollow.
Something's calling you, but you can't follow...
Ooh, ooh.

Verse Two:

I got hit by the rain,
When I say rain... you know the sunshine came.
I swallowed my pain,
When I say pain... you know the sunshine came.
I've got time for mistakes,
When I say mistakes... you know the sunshine came.

CHORUS

I struck by the truth,
When I say truth... I mean you.
I got lost in the skies,
When I skies... I mean your eyes.
I've got love for someone,
When I say someone... now I mean you.

CHORUSx2

I got chased by an eagle,
When I say eagle... I'm in love.
