I stand alone
In my heart again
Encased in the cold
Without a single friend
Each and every smile I see retreats into the grey that
shades my life
In silence and these desperate please
I pray that I can get some sleep tonight
I stand alone
In my heart again
It's time to atone
For my forgotten sins

Just when I thought I'd found the answer to the soft
relentless pain
The crumbling mountain of this life of mine
It creeps up once again

I promise I've got no pride I'm conceding defeat
And everytime I wake up
I'm imprisoned but I'm free

I promiser I've got no pride
I'm conceding defeat
And everytime I wake up
I'm imprisoned but I'm free

Just standing along
In my heart again
I stand alone
In my heart again

I believe I stand alone
In my heart again
I stand alone, I stand alone, All by myself
