Well did I mention that
Today's a waste of time
It's been an uphill climb for most of my life
And there's a reason why
There's always some one or
A preference of the moment
That's assuredly the torment
That's the finger pointing at your face
And while we're at it let
Me vent about the women
Way they come and goes a
Sin and always leave you in the end
My freedom is paralyzing
All I want is some ties that bind me
My freedom is paralyzing me

Give away all of the makings
Of a personality and while they
Smile they mask the truth of
Why they talk to me
I'm not a fool I reasoned out that what is
Cruels what you're about and
That's the truth, I need no proof
It's just inbred in you

My freedom is paralyzing
All I want is some ties that bind me to you
My freedom is paralyzing me

Where we withstood the culmination
Of frustrations set the stage for
Our demise, it came to me
It came as no surprise

That for all the hidden
Unexposed encroachment mask
The truth and thoughtless treatment
Of romance and my belief in you
And once again just let me
Vent about the women
The way they come and goes a sin and
Always leave you in the end

My freedom is paralyzing
All I want is some ties that bind me to you
My freedom is paralyzing me

Mistrusting others and begrudging
All your lovers only leaves
You with reflections
Of a shallow and a sad appeal

Not even treating all emotions
With a thought or even notion
How your actions might affect
Or make a wreck of me

It's just inbred in you
