No

You never say you're gonna show

And when you do you wanna leave just with me

So hard to please smokin' dope and sippin' tea

You're just sippin' tea

You better make your mind up

You've suffered way to much to find out

Just take your racing blinds off and sing it no no

It's something your daddy will never know

And you keep putting on a show

Just stop your pleasing cigarette weazing

Singing no no

You wanna make amends to all your friends and
confidants

So you send a letter say you're feeling better

Tell them what they want

You're cheating yourself with a mighty blue lie yeah

But somethings eating up in your insides

But never the less you stand your ground

Cause you ain't sound

No you ain't sound

You pick your poison in a flash yeah

Been keeping a very private stash to quote

"Get up get out"

And you won't last

No you won't last

So I said no

You never say you're gonna show

When you do you wanna leave just with me
So hard to please smokin' dope and sippin' tea
You're just sippin' tea
No
