"Fade"

Silky tidal waves
In the midst of summer
Trap door of our house
Sliding up and down

Days of childhood gleam,
Do you still remember?
Nowhere have I seen
Shadows disappear
Ever since then

And I fade
Like the dew before the sun
In the silence of our ceased memories
In our dreams,
Everything is just the same
Withering motions...

Starkly impending days (A retrospect of golden sounds)
The scent of falling rain (Recurring memories abound)
The time that is to come
Seems like yesterday (Someone there to see)

And I fade
Like the dew before the sun
In the silence of our ceased memories
In our dreams,
Everything is just the same
Withering motions...

End of the road
We all wait for this day

Everything has changed
I never wanted to stay
But now, everything was in vain
Withering motions...

And I fade
Like the dew before the sun

In the silence of our ceased memories
In our dreams,
Everything is just the same
Withering motions...

All and everything
Has changed now...
