Mobile phones  
Commuter trains  
The terminus is full of men  
Crisscross network  
Zigzag railway  
The next stop is Waterloo

White-collar timetable  
9 to 5 urban robot

Standby, I'm on a trip with you  
Standby, I thought it lasted through  
Standby, I'm on a trip with you  
It's more fun to commute

Take the tube  
Take the M25  
There's traffic jam all around  
Double-decker  
A fare to Chequers  
To tell about my points of view

Standby, I'm on a trip with you  
Standby, I thought it lasted through  
Standby, I'm on a trip with you  
It's more fun to commute

Standby, I'm on a trip with you  
Standby, I thought it lasted through  
Standby, I'm on a trip with you  
It's more fun to commute

Public transport  
No need for comfort  
It's all so and so, touch-and-go  
Pass a train wreck  
Call the tube-tech  
I'll make it to work some other day

Standby, I'm on a trip with you  
Standby, I thought it lasted through  
Standby, I'm on a trip with you  
It's more fun to commute

Standby, I'm on a trip with you  
Standby, I thought it lasted through  
Standby, I'm on a trip with you

He pulls  
She pushed  
I read the papers in the transit lounge  
I dial the number  
Now I'm certain  
I'll make it home some other day

I dial the number  
Now I'm certain  
I'll make it home some other day
