Hide And Seek

Look at me  
A million pictures on the cenotaph  
Look at me  
There's nothing left but silent epitaphs  
Through reassembly I've come to deceive you  
Behind interpretations someone's untrue  
Look at me  
If you could see what I see I know that you would hate  
me

Do what I will  
By no means there are no guards

Promising a strong protection  
Lasting through a lifetime  
Hide and seek, what you will find  
Another day, another time  
Where love does not exist

Look at me  
I never saw your starlit face  
And never heard the words you spoke  
Look at me  
In countless glints, so smoky gold,  
The days shift away leaving you here
