I run as fast as I can to get a ride
To ride on this wave is all I dream of

I run as fast as I can to get a ride
To ride on this wave is all I dream of
I want to catch up with the distant sight
I create my speed the way I breathe

I can move, I can fly, I can fly, I can float, I can fly
I can groove, I can move so high in the sky
So high in the sky

I can move, I can fly, I can fly, I can float, I can fly
I can groove, I can move so high in the sky
So high in the sky

I swim as far as I can to reach the tide
To be in that wave is all I long for
I take my power from my own arms
I sustain this pain, 'cause I can't cry

I swim as far as I can to reach the tide
To be in that wave is all I long for

I can move, I can fly, I can fly, I can float, I can fly
I can groove, I can move so high in the sky
So high in the sky

I can move, I can fly, I can fly, I can float, I can fly
I can groove, I can move so high in the sky
So high in the sky

I can move, I can fly, I can fly, I can float, I can fly
I can groove, I can move so high in the sky
So high in the sky
