I make the rockstars and the pop stars Wanna do it like Wanna, Wanna, Wanna do it like me Wanna do it like me Wanna do it like me Me, me, me

No when I take off my shades Please don't be shock at my age I'm taking over your game Now will I scare you? BOO!

My parents left me home alone, They left me home alone It's time to pick up the phone And tell my friends COME ON!

Somebody bring me along You betta bring me along Can follow me in my truck LETS BLOW THE SPEAKERS OFF!

I can feeeel ittt Feel the drums takin over control I feel it deep in my soul I can feeel ittt Feel this feel that want you all in my song Now watch me rock it YEAH!

I make that rockstars and the popstars Wanna do it like Wanna wanna wanna Wanna do it like me (like me) If you are the rockstars like the topstars Wanna do it like Don't you wanna do it like me!

Now, watch out I break it down You know I'm not new in town Downlaod your speakers now Will I scare you will I scare you? BOO!

Everybody hands in the air Now keep em up in the air Now wave em like you don't care!

WE BOUT TO STEAR IT UP!

Haters scream on the top of you lungs Until your tonsils get numb The way I rock out the song Will make you shout it out

I can feeeel ittt Feel the drums taking over control Can feel it deep in my soul!

I can feeeel ittt Feel the drums takin over control I feel it deep in my soul I can feeel ittt Feel this feel that want you all in my song Now watch me rock it YEAH!

I make the rockstars and the popstars Wanna do it like Wanna wanna wanna Do it like me! (like me)

If you a rockstar like the topstars Wanna do it like Don't you wanna do it like me!
